

The background of the entire page is a dark, grayscale photograph of the interior of a vehicle's cargo area, viewed from the rear. The image shows the rear seats, the rear window, and the trunk area. A large, semi-transparent tan overlay covers the middle portion of the image, creating a diagonal split. The text is centered on this tan area.

## Design Flexibility

Any Colour, Any Fiber, Any Finish as per technical requirement (Symbols)

## Customised Solution

Fire-proof fabric, Acoustic, Thermal, High Temperature, any or all in one can be made.

## Performance Guaranteed

Abrasion Resistant, Oil/Water Repellent, Anti-microbial, High continuous operating temperature.

## Universal Solution

Can be moulded, adhesive bonded, or welded into a wide range of substrates.

## Engine Area

Noise Shield Car Wheel \ Bonnet Insulation \ Exhaust Pipe Insulation

## Vehicle Cabin

FR Fabric Barrier \ Carpet Backing/Seat Corner Bottom \ Acoustic Barrier for low frequency \ Parcel Tray Fabric

## Luggage Compartment

Trunk Lid \ Trunk Carpet \ Trunk Side Trick
